

## VICE-PRESIDENT HANDICAP RACES RESULTS.

The weather for the 18th May turned out to be fine, and although the Forbury Park Track was wet there was some good running.

### Girls under 13 - 880 Yards.

The girls off first, set a fast pace, and Susan Sinclair made full use of her start and gave the back markers no chance of catching her. Results were -

### WOMEN'S REPORT.

We now have 12 members in the fifteen and over section, an all-time record. However we are still looking for girls in the 12-14 age group.

When I was in Christchurch in the May holidays, I went with Anne Bidwell of the New Brighton Harrier Club, to a local Golf Course, where the Canterbury Harrier Centre held a series of events for all sections. There are about 50 girls in the New Brighton Harrier Club, with the average age being from 12 to 16. All the girls usually meet together every night for a training run.

In Christchurch on the 15th June, the National Inter-secondary Schools Cross Country Races were held. Margaret Ashton was placed 2nd in the Girls under 15 Race, and Sharron Ashton was placed 23rd in the Girls over 15 Race. These events were held on the same course and day as those for the Boys, and as in the Boys races there were large fields.

### EDMOND CUP RACES - WINGATUI - 23RD JUNE.

The weather was fine for these races, although a strong wind was blowing across the field and made things hard going when running into it. Large fields, and good running in all races, made it an interesting afternoon. Again the Junior members of the Club performed well as individual and teams as results show. Mason Stevens in the Junior Men, Ian Gaudin in the Senior Colts, and Margaret Ashton in the Under 15 Women, all won titles. Caversham placings and times were -

CLUB CROSS COUNTRY CHAMPIONSHIPS, TIROHANGA, 6TH JULY.

On the day, the weather was fine, and underfoot conditions were good. This year a new course was set, and first impressions were that it should be easier than the previous course. Ron Cain tried to warn all to show some respect to the new course, but most of us thought we knew better. We soon found out that this new circuit is as Ron puts it - very deceptive. Even so there was some very good running, and congratulations go to those who had success in the various grades.
